

Hi!

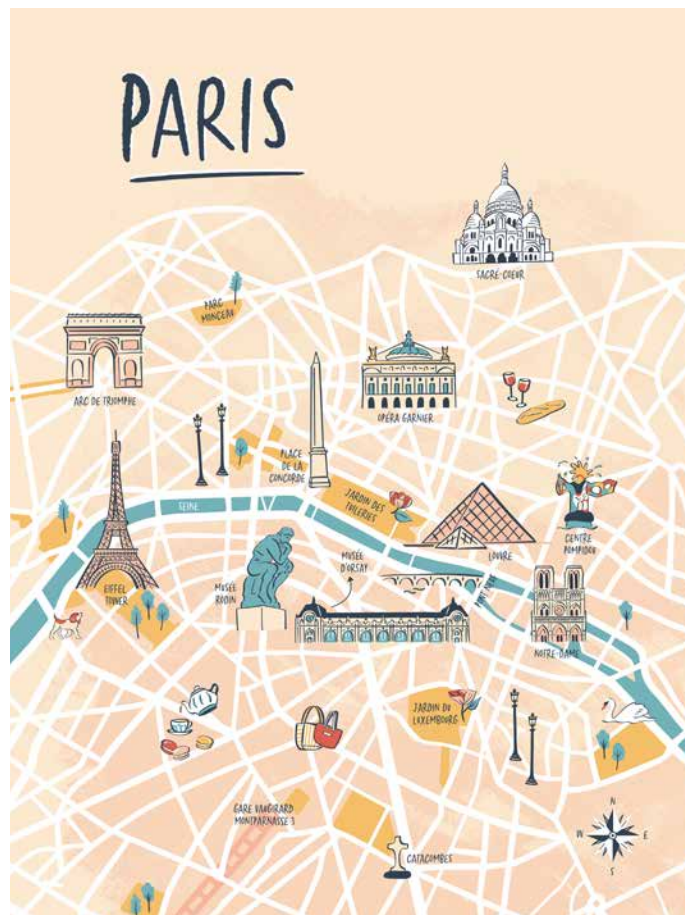

I am Karin van der Vegt, a designer from Groningen, The Netherlands. I started my design studio 'Revista' in 2013. Here you see me showing an illustrated map of my hometown.

Whether it is a drawing with fineliner or brushpen on paper, a watercolor painting or linocut print, I like to start with handmade items and arrange them digitally.

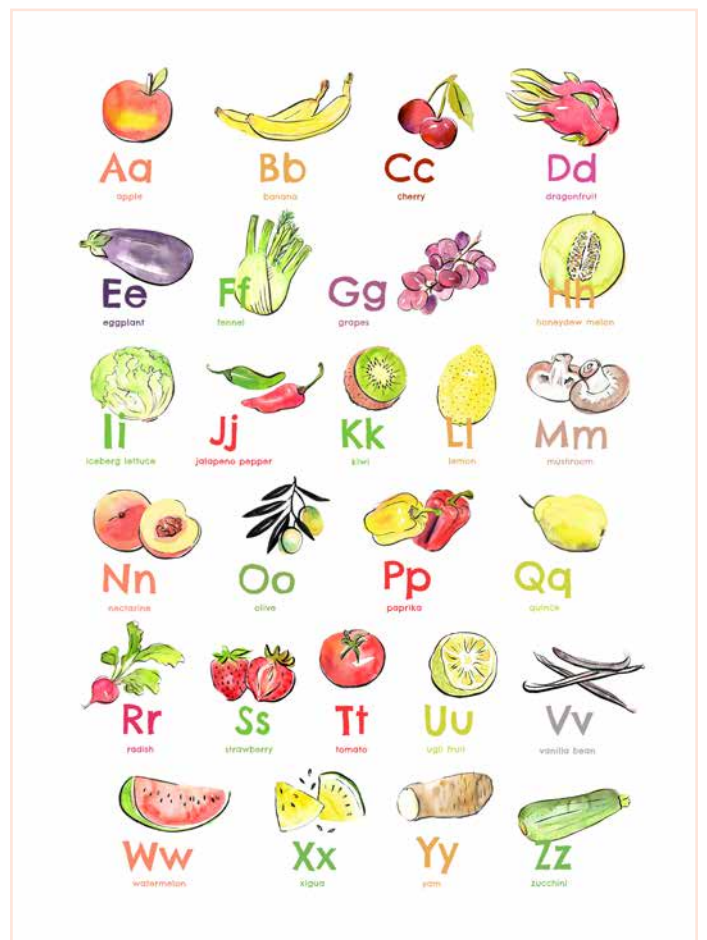

I love illustrating maps en kids prints and would love to create fun designs for Artesta. Hope to hear from you, thanks!
